Israeli Mobilization Causes Middle East War Scare

UN DEMANDS RUSSIA HALT INTERVENTION

BULLETIN
Budapest, Hungary (AP)—The Hungarian Communist government has virtually capitulated to a six-day national revolution led by a few thousand daring young men. The most important concession in principle is that the regime acknowledged this revolution as a great national uprising "caused by the grave crimes of the past decade." All other concessions derive from this one. The regime threw in the sponge. It was defeated by a whole nation, represented by those few thousand young men.

Vienna (AP)—Radio Budapest announced late today an agreement has been reached for rebels to turn in their arms and for Russian troops to quit Budapest.

London (AP)—Foreign Secretary Selwyn Lloyd said today the Soviet Union is pouring more troops into strife-torn Hungary instead of withdrawing units already there. He told the House of Commons Soviet units and the Hungarian security police "behave with the utmost ruthlessness" in attempting to put down the Hungarian revolt.

By MAX HARRISON
United Nations, N. Y. (AP)—Western U. N. delegates expressed satisfaction today over the solid support they received both inside and outside the Security Council for their effort to end the bloodshed in Hungary.

Messages poured in from governments all over the world backing up the West's demands that Russia halt her military intervention. Some Western diplomats felt (Turn to Page Ten)

Leading Candidates Planning To Invade Penn'a This Week

Harrisburg (AP)—President Eisenhower and Vice President Nixon swing through Pennsylvania this week in an 11th hour attempt to secure the state's 32 electoral votes for re-election.

And GOP State Chairman George I. Bloom said the President would carry the state "with a substantial bigger majority than four years ago." Eisenhower's plurality over Adlai Stevenson in 1952 was 269,520 votes.

He made the statement as the Republican statewide candidates were entering their final week of campaigning prior to the Nov. 6 election.

The President has scheduled in Pennsylvania earlier this month for a major television address at Pittsburgh.

Nixon has scheduled a whistle-stop tour of the state for Thursday and Friday to be climaxed by a major address Friday at Hershey.

Committee to Continue Fight To Keep Route 6 on Interstate

Officials of the "Save Route 6 Committee" said today that Secretary of Highways Joseph Lawler's plan for improving Route 6 during the next three years is a poor substitute for the kind of modern road that the Interstate System would give the Northern tier of Pennsylvania. And the committee will continue its fight to keep Route 6 as a part of the interstate network.

Members of the Save Route 6 Committee met with Mr. Lawler in Wheelboro on Friday following his luncheon address at which he stated that Route 6 would be better served by his plans than by becoming a part of the Interstate System. Local delegates to the meeting were J. Clifford Johnson,

Ike Carrying Campaign Into Deep South as Adlai Replies To "White Paper" on H-Bomb

BULLETIN
Miami, Fla. (AP)—President Eisenhower opened a vote-seeking expedition into the deep South today with a call for handling the explosive civil rights problem "to the greatest possible extent on a local and state basis." The President, feeling good about a favorable medical report from his doctors, flew here from Washington for the start of a one-day campaign foray in Florida and Virginia—two of the four Dixie states he carried in 1952. Along the way, he was keeping in close touch with a tense situation in the Middle East after appealing to Israeli Prime Minister Ben-Gurion to avoid any action which might "endanger the peace" in that area.

By Marvin L. Arrowsmith
Washington (AP)—President Eisenhower, encouraged by a favorable new medical report but concerned over Middle East developments that kept his plans fluid until the last minute, flew to the Deep South on a vote-seeking foray today.

The president's plane Columbine III took off from National Airport at 8:30 a.m., carrying Eisenhower to re-election campaign, rallies at Miami and Jacksonville, Fla., and Richmond, Va.

A planeload of newsmen and secret service agents had taken off an hour earlier, 25 minutes behind schedule and still without final word that Eisenhower definitely was going.

As late as last night James C. Hagerty, White House press secretary, declined to rule out a change of plans stemming from the situation in Israel which Eisenhower said caused him grave concern.

President and Mrs. Eisenhower, both smiling, clutched their hats as they boarded the Columbine in a brisk breeze. There was a slight haze over the airport.

Eisenhower put out a statement yesterday saying he had received reports indicating "almost complete" mobilization of Israeli armed forces on that nation's borders with Arab neighbors. Eisenhower appealed to Prime Minister David Ben-Gurion of Israel to avoid any move "which would endanger the peace."

The President issued his statement at Walter Reed Army Hospital shortly before his doctors got out a report on the pre-election physical examination he promised America's voters. Eisenhower entered the hospital Saturday afternoon and stayed 24 hours.

Death Toll From Hunting Accidents Mounts to Five

Harrisburg (AP)—The death toll from hunting accidents in Pennsylvania's small game season mounted to five today with the fatal wounding of a York County teen age hunter. A sixth hunter died of a heart attack.

The fifth victim was Charles Lee Gayman, 16, of Red Lion. He and his brother, Henry, Jr., 18, flushed a pheasant and both fired their guns. Coroner Lester J. Sell said Charles dropped and died a short time later in York Hospital of a fractured skull.

Charles R. Tranter, and Allan Anderson.
At the meeting a petition of 10,000 names was given to the Highway Secretary asking that Route 6 be kept on the Federal program instead of a proposed Sharon to Stroudsburg road. Delegates from all over the northern tier of Pennsylvania. And the committee will continue its fight to keep Route 6 as a part of the interstate network.

Latest city to join the fight to save Route 6 is Erie whose Chamber of Commerce has passed a resolution calling for the retention of 6 in the System. Erie is the third largest city in the state and (Turn to Page Ten)

Boston (AP)—Adlai E. Stevenson attributed to President Eisenhower today a "do-nothing" attitude of "hopeless defeatism" on "how to save the world from hydrogen devastation."

And he said, in a bristling reply to Eisenhower's H-bomb "white paper" of last week, the President "seems insensitive to the danger of radioactive fall-out from H-bomb explosions."

The Democratic standard bearer's statement and his own accompanying 3,000-word "H-bomb memorandum" constituted another round in the campaign controversy precipitated by his proposal for a ban on tests of super-bombs.

The memorandum said Eisenhower's assertion that a simple voluntary agreement with the Russians would allow "no safeguards, no control, no inspection" to insure stoppage of H-bomb tests "disregards the key pact violations of such an agreement can be no more hidden than an earthquake."

The Eisenhower "white paper" maintained it is impossible "in view of the vast Soviet land mass that can screen possible future tests—to have positive assurance of such detection, except in the case of the largest weapons. Nor is it possible to state, immediately following the long-range detection of a test, its size and character."

The Stevenson statement calling the President's "white paper" remarkable for "misstatements and distortions" came a few hours after his arrival in Boston with the claim that the Democrats are gaining and "nothing can stop us" in the election a week from tomorrow.

His speech to a rally in Mechanics Hall tonight will climax his campaigning for Massachusetts' 16 electoral votes.

It will be telecast nationally by ABC at 8:30 p. m. EST.

Numerous Traffic Accidents Probed By Borough Police

Five minor auto accidents occurred within 7½ hours Friday with two elderly persons being injured, two summons being handed out for traveling too fast for conditions, and one accident causing another. Drivers under 20 figured in four of the mishaps.

The first happened at 4:22 p. m. Friday as Clair Trembley, 16, of RD 1, Warren, sped east on Lincoln Street. Rammed into was Chester L. Robertson, 76, of 210 Wood Street who was driving north on Central. Robertson sustained two broken ribs and bruises, and a passenger, Hattie Robertson had bad bumps of the right hand and left leg. Total damage of about \$400 was inflicted.

About 20 minutes later, two cars headed west on Pennsylvania Avenue stopped for the light at Prospect Street intersection. Ramming into them from the rear and charged with driving too fast for conditions was Glen N. Fieger, 46, of RD 1, Clarendon. In middle car was Chester Bailey, 39, of 34 Water Street. His machine was pushed into the lead vehicle operated by Ben Persing, 53, of Ashtabula, Ohio. The three vehicles sustained about \$40 damage each.

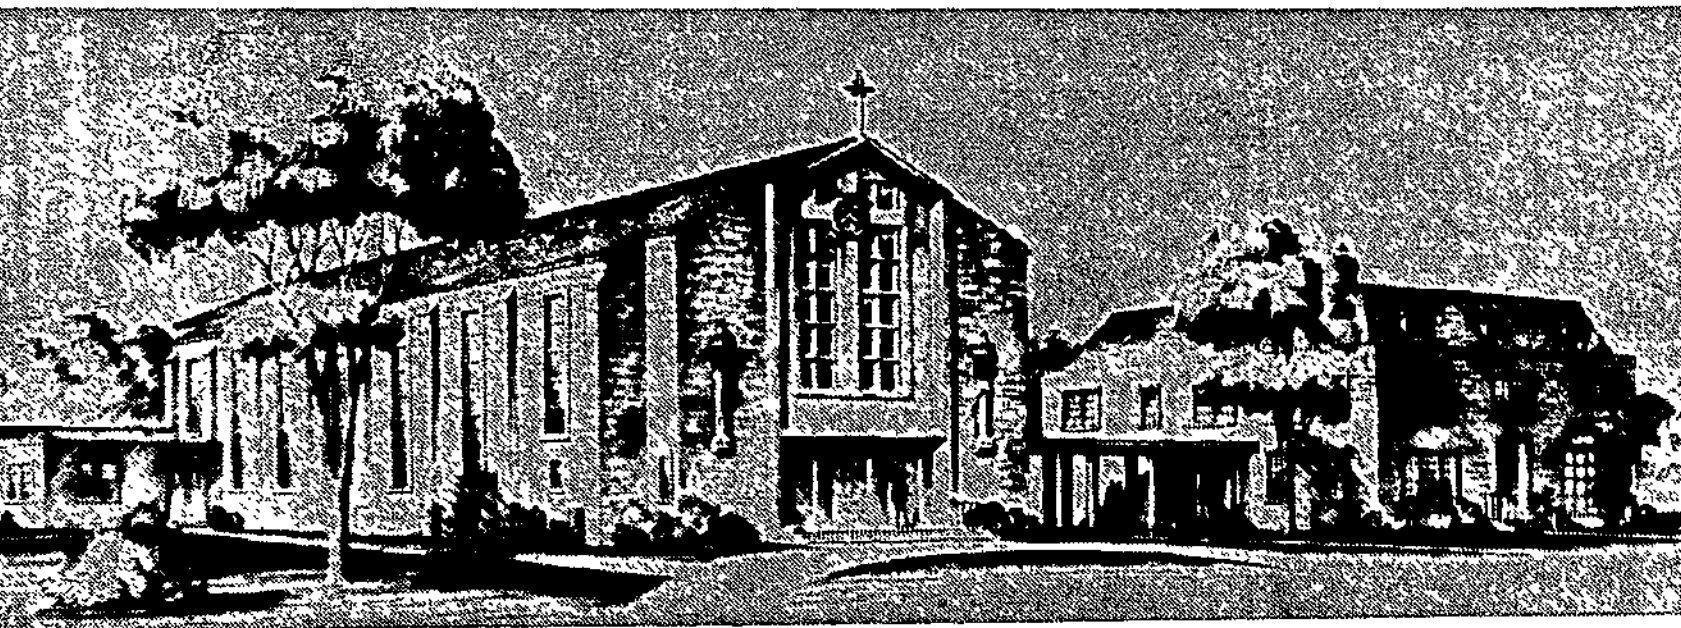

An hour and a half later, Judith L. Callenburgh, 16, of 322 Union Street, ran into the rear of a truck slowing down on Second Street for a turn onto Water. Truck driver was Raymond Morrison, 19, of 412 Prospect Street. Car had \$15 damage, truck \$40.

Five minutes later, at the same intersection, Lois A. Wendelboe, 16, of 205 Alexander Street, said she had become confused by the first accident and when she pulled onto Water Street she rammed a northbound car on Water Street.

The second vehicle was operated by Ruth Foster, 46, of Corry. The Wendelboe machine sustained \$75 damage, the Foster car, about \$5.

Then there was a lull of nearly four hours before Donald Pratt, 19, of RD 1, Warren, tried to pass a car driven by Peiffer, 23, of 312 Main Street, Tidouite, near midnight. Both vehicles were going east on Pennsylvania and both were damaged approximately \$125. Pratt was going to make a left turn onto Chestnut when Peiffer tried to pass him.

Cardinal Wyszyński Is Released By New Regime In Poland

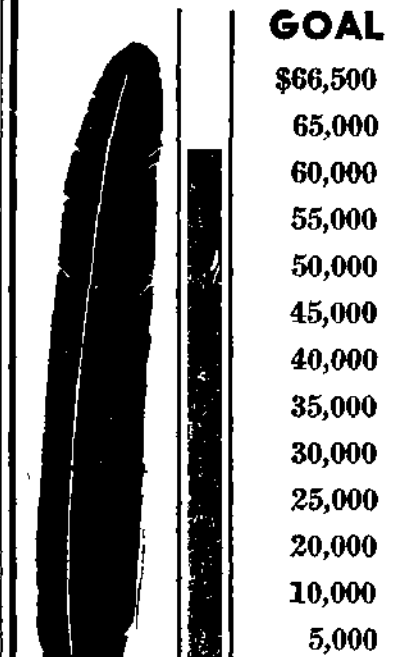

BULLETIN
Warsaw (AP)—Stefan Cardinal Wyszyński made his first public appearance today since his release from house arrest. A crowd of cheering, singing Polish Catholics greeted him at his palace. The cardinal, Roman Catholic primate of Poland, walked out on the balcony above the main entrance to the palace, spread his arms and said: "Peace be with you." The crowd responded: "And with thy spirit." Then the cardinal, clad in black robes and red hat, spoke to them briefly.

By COLIN FROST
Warsaw (AP)—Poland's revamped Communist regime has released the nation's Roman Catholic primate, Stefan Cardinal Wyszyński, from house arrest in a new move to unite the country.

A government communique said the 55-year-old church leader had returned to Warsaw and resumed his church functions. But sources close to the government indicated he had not yet taken up his duties as head of the church of Poland.

The cardinal had been confined to a country monastery in September 1953 after a vigorous campaign against Communist infringement on religious freedom. The government of then-Premier Boleslaw Bierut, a leading Stalinist who died last March, accused the churchman of constantly breaking a 1950 agreement between the Red Polish government and the Roman Catholic Church.

FINAL SHOVE NEEDED!

As the 1956 Community Chest campaign enters the windup stage, Chest leaders are still hoping for another \$2,500 to put the drive over the top. Reports in as of this noon show a total of 96% has been pledged to the current campaign which amounts to \$63,940. In order to reach the goal, however, each division's final report must show that its quota has been reached. Workers are urged to get their reports in tomorrow at the latest.

Father Alfred M. Bauer has just proudly presented his interim report on the building drive as well as a report on the latest developments for building the new St. Joseph Church and Rectory on Pennsylvania Avenue between Hazel and Laurel Streets. The new edifice shown above is to be built out of Shot-Sawn Indiana Limestone, buff in color and will seat around 700. Part of this seating capacity will come from the beautiful Mother's Chapel shown on the left.

A glass partition separating the Mother's Chapel from the rest of the Nave will make it possible for parents who have to take their babies to church to hear Mass without interrupting or distracting others. A circular driveway in front of the church is planned which will not only be beautiful but will help very much with traffic problems during special as well as regular Masses.

The Rectory shown on the right will have all the conveniences as well as accommodations necessary for the size of the new church. As pictured above the rectory, it will be connected to the church by the porte-cochere.

A large parking lot not shown in the picture is planned and will be to the left of the church. Exits on Pennsylvania and Laurel streets will be available.

Because the new site appears to lend itself well to all present as well as extended future plans, planned construction is being based on the best of materials and permanency available.

Actual work on the project will begin next April or May 1st, advised Father Bauer, barring unforeseen contingencies. Details, plans and final approval have not progressed sufficiently far to advise when the actual date for letting out the contracts will be. And the occasion arose.

Youngsville Man Loses Arms When Thrown Into a Buzz Saw

Edwards Stokes of Youngsville was still in extreme shock at Warren General Hospital today after suffering loss of both arms above the elbow when he fell into the teeth of a tractor-driven buzz saw used to rip timber.

The 39-year-old National Forge crane operator was feeding timber into the saw at the home of his father-in-law on Hull Hill when the tragedy occurred Sunday afternoon.

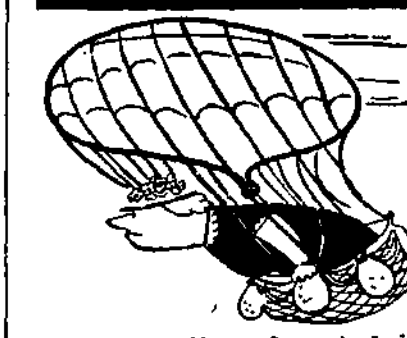

It is estimated it took an hour to take the victim to Warren General Hospital after attempts to secure a doctor in Youngsville were unsuccessful.

The family of the victim had an agonizing ride as heavy Sunday traffic refused to yield to the Youngsville Volunteer Firemen's ambulance. Warren police escorted the ambulance through this community, again having trouble with heavy traffic. Dr. Quay McCune and Dr. Arthur O'Connor had been called to the hospital and were standing by when Mr. Stokes was brought in.

The man, who lives on Mill Street in Youngsville, was working at the saw with his father-in-law, Cloyd Ruhlman, and brother-in-law Herman Ruhlman, when the accident occurred.

It was thought a log which had been chained to a team of horses

Lighted Candle in Attic Sets Off East Side Blaze

An East Side resident poking about the attic with a lighted candle this morning set off a blaze which caused an estimated \$100 damage.

Warren Fire Department was summoned at 11:32 a. m. to the home of Mrs. John Peterson, 606 Pennsylvania Avenue, east, above Nick's Restaurant.

It was believed that the candle accidentally ignited a box of books or papers.

PASS THE GAVEL MEETING TONIGHT

Jaycees will play host to the DuBois Chapter, when they arrive by bus tonight at 8:00 o'clock when the visitors will pass the gavel to the Warren group. A confab of activities of both Warren and DuBois activities will precede a social gathering and luncheon. All members of Warren Chapter are urged to attend the event, to be held at Old Oakview. John McGarry will serve as chairman.

Pennsy Crossing on S. Side Is Scene of Dramatic Incident

A belated report of high drama on Warren's South Side came to light today.

Last Thursday morning, as a nitroglycerin truck headed into Warren from Pleasant Township, it stalled on the Pennsylvania Railroad tracks near Seneca Lumber Co. just as the morning passenger train was due.

The driver jumped out and shouted "It won't start" to a passing motorist. At that time the low moan of the whistle of the approaching train was heard.

Then a truck came on the scene, chains were thrown to the stalled vehicle, and it was gingerly hauled off the tracks. One spectator said it was only a matter of seconds before the Cannon Ball roared through.

Noting a comment that the train passes about 35 miles an hour, the spectator volunteered the comment that "It seemed to be going a heck of a lot faster (Turn to Page Ten)

Dempsey in Hospital For a Complete Rest

Chicago (AP)—Jack Dempsey, the old Manassa Mauler, was reported resting comfortably in St. Luke's Hospital today.

Dempsey, who reigned as heavyweight boxing champion of the world from 1919 to 1926, entered the hospital yesterday. He was reported to be suffering from fatigue, a virus condition and a muscle strain in his left leg.

Dempsey, 61, said he had been ordered by his doctor, Joseph A. Davis to take "a complete rest" for a few days.

PLANE CRASH

Tarentum, Pa. (AP)—Two injured men who laid a half hour in the wreckage of their light plane are still in the hospital today. The pilot, Ralph Hayden, 29, is listed as critical, and Joseph Keller, 20, was reported fair. The two Pittsburghers took off Saturday from Culmerville Airport and moments later plummeted to the ground and crashed into a tree. A half hour later, two hunters spotted the wreckage and pulled the men from the plane.

No injuries were reported.

7,000 Hunter Accommodations Folders Are Being Distributed

The annual fall publication "Accommodations for Hunters, Fishermen and Tourists in Warren County," is off the press and 7,000 copies are being distributed throughout this and nearby states, a release from the Warren Area Chamber of Commerce says.

This year's folder has been enlarged and added to by the inclusion of bag limits and season dates in Pennsylvania and information about the Allegheny National Forest and Warren's scenic drives. As always it contains information about places where hunters may stay in this area and a map of Warren vicinity showing points of interest, streams to fish and areas to hunt.

The folders will be available in restaurants and service stations in the county or may be picked up at the Chamber office. Out of town residents may send a penny postal card request to the Chamber office, and a copy of the folder will be sent to them.

U. S. CITIZENS ARE ORDERED TO EVACUATE

BULLETIN
Washington, Oct. 29 (AP)—Secretary Dulles called three senators to the State Department for a talk today on the Middle East. The administration was reported gravely alarmed at the possibility of war there in 24 to 48 hours. The senators were George (D-Ga.), Fulbright (D-Ark.) and Langer (R-N.D.). Department officials said Dulles, in keeping with his policy during any international crisis, arranged the meeting to brief the lawmakers on what the United States is doing. George is chairman of the Senate Foreign Relations Committee. Fulbright and Langer are members of it.

Jerusalem (AP)—Israel mobilized its reserves and the United States began the evacuation of some of its citizens from four Middle East states today in the biggest Arab-Israeli war scare since 1948.

Israel, announcing the callup of reserve battalions in what it termed a "partial mobilization," denied it had any aggressive intent.

Tension in Israel has mounted since Jordan, which has the longest frontier with Israel of any Arab state, formed a joint military command with Syria and Egypt last week. A pro-Egyptian Parliament was elected in Jordan a week ago.

President Eisenhower, taking a grave view of the mobilization, sent two messages to Israeli Premier David Ben-Gurion. Washington reports said Israel had mobilized from 150,000 to 200,000 men along her frontiers.

Saddle Horse Tied To Box Car Causes \$30,000 Rail Wreck

A few minutes after a B. & O. freight train struck and killed a saddle horse tied along the tracks at Mt. Jewett, Saturday evening, 12 cars of the 109-car diesel hauled freight spilled on the main line several miles north of that place—causing damage estimated at close to \$30,000.

According to reports, Mt. Jewett youngsters had three saddle horses, hired at the Danielson Stables, tethered to a box car along the siding with one of the animals shying in such a manner it was struck by a car of the passing northbound freight.

It was believed the impact, which killed the horse, caused a shifting of a 40,000 pound load of iron castings in one car which broke loose and "cartwheeled" along side of the tracks. The twisting gondola pulled 11 cars with it.

The line, which hauls only freight, was blocked and with it the Buffalo Division line between Pittsburgh, Buffalo and Rochester, N. Y.

Wreck trains from Salamanca and Punxsutawney moved in to clear the tracks. The derailed cars were loaded with coal, bricks, lumber, clap, boilers, iron castings and steel pipe.

No injuries were reported.

State Employees In Annual Convention Urge Salary Hikes

Salary increases for all state employees were urged at the closing sessions of the 18th annual convention of the Pennsylvania State Employees Council, AFL-CIO. More than 100 delegates representing some 15,000 state employees took part in the two-day convention at the Harrisburg Hotel in Harrisburg. The proposed salary hike was part of a 13-point suggested legislative program. Heuben H. Miller, Council President, said the amount of the pay boost would be determined by a study based on the cost of living and the increased productivity of the state employee.

Other proposed legislation for introduction to the State Legislature included two new demands: Unemployment Compensation for state, county, and municipal employees, and a health and welfare program for state employees, similar to large industries, providing for contributing group life, accident, hospitalization, medical and surgical insurance.

The delegates urged an immediate referendum of state employees for Social Security coverage. A special governmental committee already has given approval to such a referendum, excluding school teachers.

Former Student at Northern Area Wins Honors at Carnegie

Harold W. Landin, principal of the General Dwight D. Eisenhower High School, Northern Area Joint School System, has received a letter from Professor J. M. Daniels, chairman of admissions, Carnegie Institute of Technology, informing him that Thomas Kent Knapp, member of the Freshman class at Carnegie Institute of Technology was among the group of students who were singled out for special honors at the Carnegie Day Festivities which were held in that school on Friday, October 12. Tom is enrolled in the college of fine arts and is one of those who is receiving the benefits of an alumni scholarship.

The letter informed the high school people that the college felt the high school should know of the honors which have come to Mr. Knapp because it reflects credit not only upon him but also upon the school in which he was so well prepared.

The coaching department of the General Dwight D. Eisenhower High School has also informed the high school office that Tom Knapp has appeared in every football game in which Carnegie Institute of Technology has been a participant in the 1955 football season. This represents a follow up of Tom's record in high school for so many people throughout Northern Area will remember him as a member of the 1956 senior class who was also one of the most active in both football and basketball programs in Northern Area.

Tom Knapp is the son of Mr. and Mrs. Roscoe Knapp, Lander.

The Democratic Administration at Harrisburg has kept its promises. When the Republicans ran the State, Pennsylvania's mental hospitals were rundown and understaffed. And the staffs—doctors, nurses and attendants—were underpaid. Many mentally sick persons went to these poorly run institutions never to return to their homes. George Leader promised to change all that. As Governor, he has kept that promise. Pennsylvania's new mental health program is regarded as a model for the rest of the country. That's one reason why you should vote straight Democratic on November 6th.

HOLD KEY TO IKE'S RE-ELECTION—All indications are that the 1956 presidential race will be much tighter than in 1952. Eisenhower's chances hinge on states where he piled up overwhelming pluralities in '52. The Eisenhower-Nixon ticket is virtually certain of victory if they keep the 13 states (see Newsmap) which gave them pluralities of more than 200,000 votes in '52. These states gave Eisenhower 262 electoral votes, just four short of the total needed for election.

STEVENSON CAMP CLAIMS WIN—Campaign strategists for Adlai Stevenson claim their man is leading President Eisenhower in 21 states (see Newsmap), with 233 electoral votes. If Stevenson wins these states and California he will have 267 electoral votes, one more than the necessary majority. Stevenson carried nine of these states, all in the south, in 1952.

POLITICAL BRIEFS

Opinions expressed in articles under this heading do not necessarily express the opinions or views of the publishers. They are contributed by workers or leaders in the respective Republican and Democratic parties:

DEMOCRATIC

Sloan For Congress Committee From Publicity Committee
 Clarion, Oct. 24.—Grace M. Sloan, Democratic Candidate for Representative in Congress from Pennsylvania's 23rd Congressional District, last night, while speaking before the Annual Fund Raising Dinner sponsored by the Elk County Democratic Committee and held at the Hyde House in Ridgway, announced receipt of her endorsement by the Pennsylvania Federation of Labor from Joseph A. McDonough, President.

Following is the text of the letter: "The Officers and members of the Pennsylvania Federation of Labor are happy to inform you of your endorsement for United States Congresswoman. We have urged the entire membership of the American Federation of Labor in your district to support your candidacy and to put forth every effort on November 6, in your behalf. With best wishes for your election and with kindest personal regards, Sincerely yours, signed, Joseph A. McDonough, President and Earl C. Bohn, Secretary-Treasurer."

Mrs. Sloan, in her prepared address said, "While my opponent tries to ride the President's coattails—says, 'I LIKE IKE'—the record shows that in 31 out of 32 votes on important legislation, he voted against Ike. One thing sure, he voted to give himself a juicy salary increase and used as his excuse that the higher salary would attract better qualified candidates. I have searched long and hard and after looking over his record in the Congress, I am convinced that NOW is the time for the CHANGE."

REPUBLICAN

Says the Pittsburgh Post-Gazette, which is supporting the Eisenhower-Nixon ticket for president:

"Of the two candidates for the Superior Court of Pennsylvania, the Republican, Harold G. Watkins, of Schuylkill County, has by far the strongest claim to public support.

The only qualification required of a judge of this court is that he be 'learned in the law'. Mr. Watkins meets that qualification but his Democratic opponent, Philip O. Carr, of Uniontown, does not.

Mr. Watkins has been an active practitioner at the Schuylkill County Bar and before the Super-

ior and Supreme Courts of this State for the last 25 years. He has served as a State Senator and more recently as Secretary of the State Senate. We believe he has the experience, the ability and the temperament to fill this important and exacting job satisfactorily.

Judge Carr has been serving on the Court by appointment of Governor Leader since last February. At the time the appointment was made, it was shown that Judge Carr had no law degree and had been excluded from the University of Pittsburgh Law School in 1941 "for scholastic deficiency." His best claim to legal experience, prior to his appointment to the Court, was five years of service as an Assistant U. S. Attorney for the Western District of Pennsylvania, where his work was confined principally to routine narcotics and Selective Service matters.

Report Shows Sylvania Sales And Earnings Setting Record

New York — Sylvania Electric Products, Inc., has reported that sales and earnings for both the third quarter and the first nine months of 1956 exceeded those for any comparable periods in the company's history.

Don G. Mitchell, Chairman and President, reported to share owners that net sales for the nine months totaled \$282,691,245, about 8 per cent greater than the \$261,242,559 reported for the like period of 1955. Third quarter sales were \$77,574,569, slightly above the \$77,529,210 recorded in last year's equivalent quarter.

Net income for the nine-month period was \$10,955,617, a gain of 15 per cent over the previous record of \$9,556,210 established last year. Net income for the third quarter was \$3,635,102, compared with \$3,468,191 a year ago.

After provision for the preferred dividends, nine-month earnings were equal to \$3.23 per common share on 3,298,208 shares outstanding, against \$2.97 a year ago on the 2,994,872 shares then outstanding. Third quarter earnings were equal to \$1.07 per common share. In the 1955 third quarter,

earnings were also \$1.07 per common share but on a fewer number of shares.

Mr. Mitchell said that "the new records in sales and earnings reflected continued strong markets in virtually all of Sylvania's product lines."

This was especially true, he pointed out, in the wide range of lighting products and electronic tubes, including receiving tubes and television picture tubes. However, the official said, "unusually intensive competition in the television set market, affected both dollar and unit volume."

The Sylvania chief executive commented that "the over-all situation in the company's many and diversified markets is very favorable, and there is every indication this will be a good year for the company."

In discussing the results in the company's various product lines, Mr. Mitchell reported that incandescent and fluorescent lamp sales in the third quarter were substantially greater than in the like 1955 quarter, and that Sylvania's new high-output fluorescent lamps, the

"VHO" line, should further strengthen that position.

Photoflash bulb sales exceeded the 1955 nine-month level. In the fluorescent fixture field, business is running ahead of the comparable 1955 period, and the outlook was described as "especially promising."

The high volume in receiving tubes, Mr. Mitchell said, reflects Sylvania's position as one of the top two producers and heavy demand through many fields of applications. The replacement market is very strong, and continues at a rate substantially ahead of 1955.

Nine-month sales of television picture tubes in the replacement markets were greater than in 1955, due in part to increasing "brand awareness on the part of the consumer."

UNICEF TRICK-OR-TREAT

UNICEF, the United Nations Children's Fund set up in 1946 by the General Assembly through the Economic and Social Council, will be given a hand Tuesday evening, when youth groups across the land will be making Trick-or-Treat collections to aid other children around the world.

The Children's Fund is not financed by assessments but by voluntary gifts, mainly from governments, with private individuals contributing as they wish in local campaigns such as the Halloween events tomorrow night.

UNICEF reports six hundred million children of the world suffer from malnutrition or disease. Some are doomed to die and others to a maimed maturity unless the people of the world intervene. Pennies or dollars given to the Trick-or-Treat callers will help many a child to envision a world vastly different than the one in which he now lives.

One dollar will provide milk for many children; \$5 will buy enough DDT to safeguard 500 persons from typhoid fever for a season; \$10 will purchase sufficient antibiotic ointment to cure 42 children of trachoma; \$25 will provide enough BGG vaccine to protect 2,500 children against tuberculosis.

AN AMERICAN DECISION

Christian Science Monitor: If Premier Bulganin ever had any doubts about the feelings of Americans, he need have them no longer. For whatever their position on the bomb-test issue, they are united in backing President Eisenhower's rebuke to the Russian for his discourteous and disingenuous intrusion into the election campaign.

Whether Mr. Bulganin has succeeded in giving the "kiss of death" to Adlai Stevenson's proposal for a moratorium on big-bomb tests is less clear. It is almost instinctive for many Americans to be against anything the Soviets appear to favor. There is even one theory that Moscow, knowing this, preferred by supporting the plan to get Americans to reject it—so making sure that it would not later be offered, with the Soviet Union having to find reasons for turning it down.

This theory probably overrates Communist cleverness. A much simpler explanation is that Moscow saw another opportunity to put itself in the position of peacemaker—and the American Government in the position of resisting a curb on the bombs. The rude tone of the Bulganin letter and the undiplomatic publication of it both indicate that it was aimed at drawing a quick rejection rather than at opening serious negotiations.

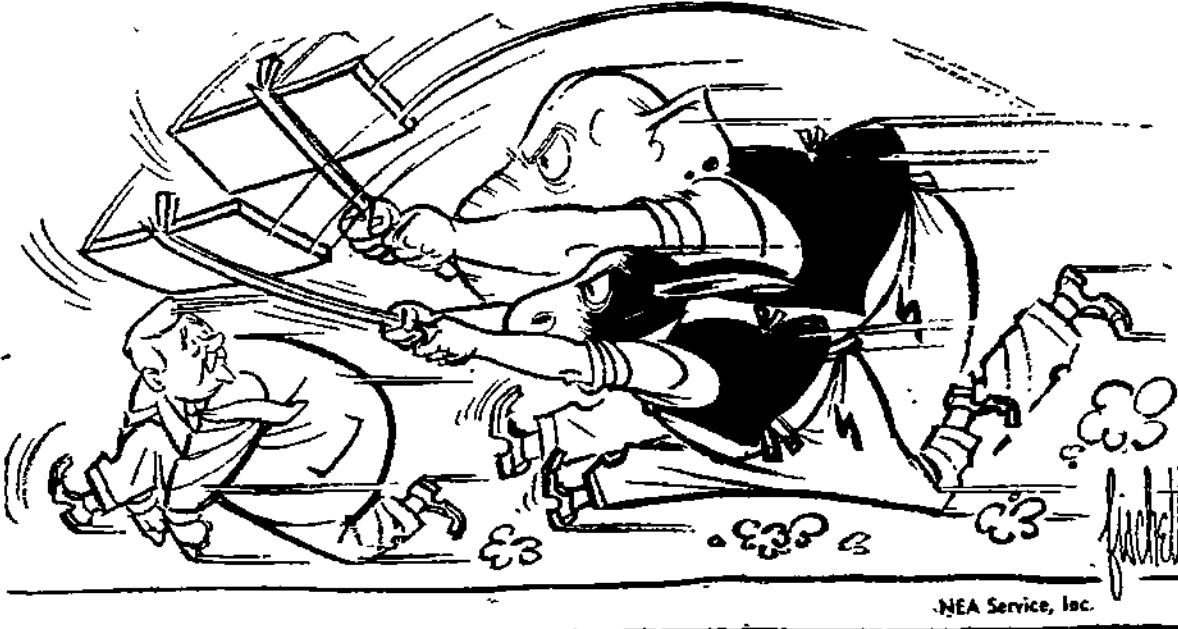

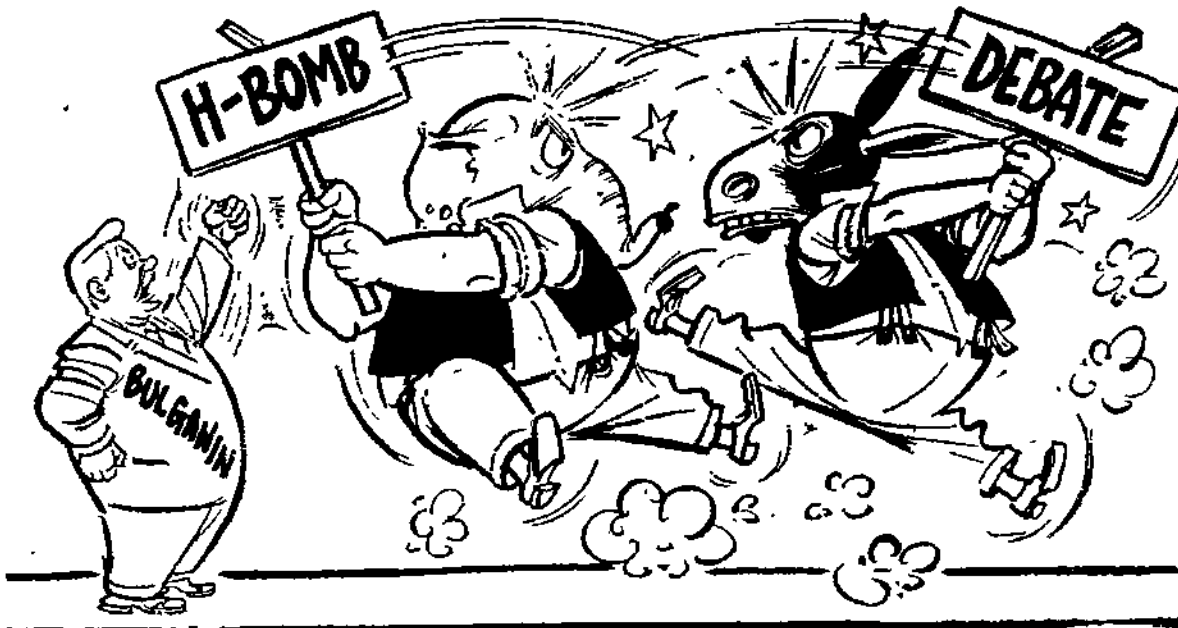

If the chief reaction of Americans is against Soviet interference they can nullify that interference—by refusing to let it affect their own decisions on the bomb issue.

ORCHIDS FOR OUR POLICE

Chief of Police Mike Evan and those members of his efficient Department who participated in the drama-packed apprehension of the armed "taxi bandit" Friday morning as he sat sipping a cup of coffee in the Widmann & Teah drug store at the corner of Pennsylvania avenue, west, and Liberty street, are recipients of high praise not only from local authorities, but from the McKean county officers who came here to return the prisoner to Smethport to face a charge of stealing a cab from a Bradford driver and relieving him of \$44 at gunpoint. Careful planning and daring execution by Chief Evan and his men marked the end of the trail for another much-wanted crook who made the mistake of selecting Warren as a place to carry on his unlawful activities.

The sympathy of many in the area is extended Edward Stokes, 39, of Youngville, who suffered the loss of both arms between the elbows and shoulders in an accident while operating a circular saw at his home there Sunday.

Here and There

Here's a short poem on the subject of "Giving" that appears in the October issue of The Elks Magazine, that fits in quite appropriately with the closing appeals in behalf of the Warren Area Red Feather Community Chest campaign:

Giving
Not what have you got
But what do you give
Will measure the worth
Of the life you live . . .
Would you learn the way
To successfully live,
Give more than you take
To take more than you give . . .

More blessed to give
That it is to receive?
A tremendous Truth—
Seems hard to believe! . . .
Remember this
Forget all the rest—
He profits most
Who serves the best

Here's a short hunting story with a moral punch from The Weekly Newsletter issued by the Pennsylvania Game Commission. Last September, conscience caused a man living in a western Pennsylvania county to turn himself in for killing a deer illegally in 1955. He then drove his 1949 out to a nearby town and sold it to get money to pay the fine. Hitch-hiking home

he was given a ride by the driver of an out-of-state car, who asked the repentant one if he had ever killed a deer. Receiving a "yes" the non-resident said, "I will give you \$75 if you will kill a deer for me." The man who had admitted his shooting sin replied, "I just sold my car to pay for an illegal deer kill to make myself right with God and man." Later the reformed man told the Game Protector to whom he had surrendered that this was the first time he had been offered money to kill a deer. In his opinion the devil was trying to "get" him again.

One of Warren's elder and most prominent citizens, who prefers to remain anonymous, called Friday evening to inquire why some person at some time or other has not suggested a most desirable site for the proposed new Area High School Building, the "plateau" just south of the Pennsylvania Railroad tracks in Pleasant township known as Yaegle's Grove. Among its many advantages, he pointed out, is the close proximity to most of the schools to be served; excellent drainage; along improved highways, low cost of connecting with utilities, such as water, electricity, etc.; no grading problems. In regard to flood possibilities he recalled this question would be eliminated entirely by the

Southern Editors Show Wide Diversity of Opinion

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON—(NEA)—A tour of Deep South thinking on the issues of the 1956 political campaign provides many contrasts, and many surprises.

In a nation-wide poll of election trends as seen by editors of daily newspapers receiving this column through NEA Service, these were some of the views volunteered from Dixie:

"See only nominal differences between the parties nationally, but believe Stevenson would be more aggressive in constructive programs."—Spencer Murphy, Salisbury, N.C., Post.

"Democrats are less likely to try to force integration."—T. M. Diggs, New Bern, N.C., Sun Journal.

"BECAUSE OF the stand of both candidates on segregation, we are supporting neither one. We are backing an independent slate of electors, pledged to vote for a candidate other than Eisenhower or Stevenson."—H. D. Osteen, Sumter, S.C., Daily Item.

"Segregation is overplayed as a national issue. South knows present trend inevitably slated to continue regardless of party in power."—Sylvan H. Meyer, Gainesville, Ga., Daily Times.

"Eisenhower failed to keep pledge on TVA, farm policy and development of natural resources."—Louis A. Eckel, Florence, Ala., Times and Tri-Cities Daily.

"WE FEEL Eisenhower administration more interested in national welfare, while opponents base most of their appeal on political expedience."—Bramard Cooper, Chattanooga, Tenn., News-Free Press.

"Stevenson and Kefauver will provide the leadership needed, both at home and abroad."—Coleman A. Harwell, Nashville, Tenn., Tennessean.

"Supporting neither candidate. There are no issues. Same old eyewash. Both favor putting Negroes in schools."—Frederick Sullens, Jackson, Miss., Daily News.

The three main issues are "Integration, Inflation and Integrity," says C. E. Faulk, Ruston, La., Daily Leader.

The three principal issues are "Prosperity, Segregation and Peace," says the Alexandria, La., Daily Town Talk.

"Eisenhower has at least slowed down the trend towards centralized government."—R. S. Dean, Hot Springs, Ark., Sentinel Record and New Era.

"AFRAID DEMOCRATIC policies will accelerate inflation."—Houston Harle, Jr., San Angelo, Tex., Standard-Times.

"We are normally Democrat—Independent variety. Both parties are bidding to buy the farm and labor votes. Republicans failed to halt inflation, but don't believe Democrats would try, so where are we?"—J. Kenneth Hogue, Dalhart, Tex., Texan.

"Prolonged drought in this area will be a big factor governing vote."—Jim Lines, Chickasha, Okla., Express.

Finally, an editor who asks that he not be identified explains that, "I'd rather be a live coward than a dead hero. I lean toward like in an overwhelmingly Democratic area of Dixie. But I just can't stomach Stevenson's promises."

SOCIETY

Ludlow Entertains Chief Cornplanter Unit The PTA Council Represented at Council

Ludlow — Attending the October meeting of McKean County PTA Council in the local school were 52 delegates from county units. Mrs. Melvin McCleary, principal, welcomed the guests, with Mrs. Harry Lehman, Council president, giving the response.

Mrs. McCleary and her grades five and six, with Mrs. Emil Nelson as accompanist, presented a clever play, "The Birth of Coal in Verse and Song".

Christian Feit, state chairman of international relations and assistant county superintendent, was the principal afternoon speaker, suggesting many ways for promoting international relations at home and in school.

His particular project, as related to PTA, was an explanation of what UNICEF is doing for children of the world and how the PTA can support it.

Mrs. Ruth Campbell, program chairman, led a group discussion period, after which dinner was served at 5:30 p.m. in the American Legion Hall, using a Little Red Schoolhouse theme.

The executive board convened at 7:00 and the evening session opened at 7:30 with the invocation by the Rev. Richard Peterson, of the Mission church.

Evening guest speaker was the Rev. Samuel Regester, Emporium, who is president of the Pennsylvania Association for Retarded Children. He spoke of the four institutions for this work in the state, their program and operation. Moriah Lutheran Choir, under the direction of Mrs. Emil Nelson, sang two lovely selections, the Thuringian folk song "My God and I" and "The Welsh Chorale".

WSCS "QUIET DAY"

All members and friends of First Methodist church are urged to take advantage of the WSCS-sponsored "Quiet Day" service to be held in the church chapel at 1:30 p.m. Tuesday. The service is for the purpose of meditation and prayer and, although it will be brief, it should be very impressive.

Cameron, Elk, Forest, McKean and Warren County Council of the American Legion Auxiliary met in Mt. Jewett Legion Home Saturday afternoon for a vigorously inspiring meeting, with more than 90 regional Auxiliary members attending in tribute to Mrs. Mary Wilson, state president; Mrs. Pansy Carlson, western vice president and the council officers elected, to be installed by Mrs. Wilson.

This ceremony was exceptionally impressive, in that each retiring officer explained the functions of the office she was about to relinquish and charged her successor with regard to the importance of relationship to fellow officers and unwavering loyalty to the principles for which the auxiliary came into existence.

Immediately after yielding the president's gavel to Emma Christian, Mrs. Mary Ann Buerkle was presented a past Council president's pin by her predecessor, Mrs. Gertrude Leddon, of Bradford. Mrs. Emma Kiernan is serving the council as chaplain.

During Mrs. Wilson's address, she stated her objectives and emphasized the importance and necessity for every member to be informal concerning the many phases of the auxiliary program; to share this information with all eligible women in a crusade to increase and activate the membership, pointing out many are not aware that Child Welfare and Rehabilitation are "all year" programs or that there are actually 17 different areas of service one may render, through participation in the American Legion Auxiliary.

Cameron county was welcomed into the council of Elk, Forest, McKean and Warren. This transfer was in response to a request submitted by Cameron county to the executive board of the department of Pennsylvania.

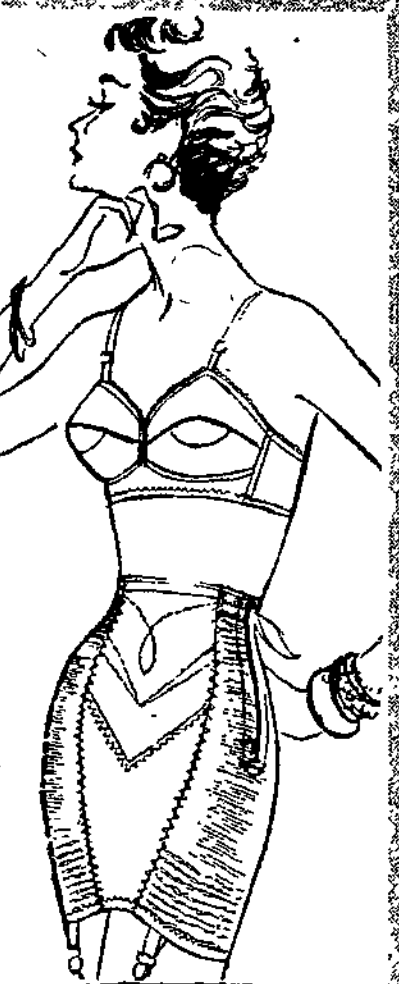

Delegates who attended Saturday's meeting from Chief Cornplanter unit 135 were Mrs. Elizabeth Shepard, Mrs. Hazel Witz, Mrs. Emma Kiernan, Mrs. Edith Ahlquist, Mrs. Ella Mauk, Mrs. Pearl Graham, Florence Hill, Mrs. Mabel Blisson, Mrs. Alberta Germonito, Mrs. Mary Rowland, Mrs. Gerda Carlson and Mrs. Mary A'Harrach.

Saturday morning, Mrs. Alan Buerkle entertained Mrs. Wilson, Mrs. Carlson and the nearby Council officers and chairman at a delightful brunch at her home.

OIL CITY COURT INVITES

Extending Courtesy to All
Is True Graciousness

THE owner of the beauty shop was being charming and attentive to her customers. She stopped to ask a question of this one pay a compliment to that one and to laugh appreciatively at another's small joke.

At that moment, if you had been asked to describe her, you might have summed up her manner by saying she was graciously business-like.

Then a maid walked in. The owner of the shop whirled around and gave her a dressing down that was painful to hear. She didn't even lower her voice. She raised it so that every harsh word she spoke was clearly heard by everyone.

After that one incident you would have described her manner as rude, overbearing and without any sympathy for the feelings of others.

MASK NEVER STAYS IN PLACE
It isn't how a woman treats those who are important to her whether they be customers or social acquaintances she is trying to impress. It is how she treats the people who can't hurt her that counts.

The woman who is careful only of the feelings of the people who "count" in her scheme of things never makes a good impression on others for very long.

Sooner or later she'll drop her mask of graciousness or charm and let her real lack of feeling for others show through. At that moment she spoils the picture she has tried to create.

Though some women don't seem to know it, they are often considered rude and high-handed by the people they treat with courtesy. This is simply because they don't extend the same considerate treatment to everyone.

First Methodist WSCS Sees Asiatic Pictures

The October meeting of First Methodist WSCS was held in Dunham parlors, with the president, Mrs. Melvin Keller, conducting a brief business session.

Reports were given by Mrs. Fred Wendelboe, secretary, and Mrs. Alan Templeton, treasurer; Mrs. Dan Morse announced beginning of the Week of Prayer and Self-Denial October 25-31, with a "Quiet Day" service at 1:30 p.m. Tuesday in the church chapel. She urged that all members participate in this observance.

Mrs. Robert Alexander reminded members of donations for the Sunday Harvest Festival at the Ruth M. Smith Home in Sheffield. A skit emphasizing importance of voting was presented by Mrs. Gerould Ostergard, Mrs. Frank Wood and Mrs. S. F. McAllister.

Highlight of the evening was an illustrated talk by Mrs. Alice Rentz, New Castle. Her subject, "Volcanoes of Southeast Asia", portrayed life among the peoples of Asia, Japan, Korea and the Philippines, where she visited missions and hospitals during a four-month tour.

Her pictures showed poignantly deplorable conditions in these countries and eagerness of the people to learn the Christian way of life. She emphasized the need for workers and help of all kinds for these strife-ridden lands.

A devotional service, led by Mrs. Robert Brennan, assisted by Mrs. Charles Eaton at the piano, concluded the program. Refreshments were served by Susannah Wesley Circle, headed by Miss Sarah Jane Hartman and Mrs. Clair Lawhead.

RUSSELL MYF PLANS UNICEF COLLECTION

Russell-Myf members of the Methodist church urge that all residents of the community be at home Tuesday evening when they call on their UNICEF Trick-or-Treat project.

These energetic youngsters hope to "trick" poverty and disease by "treating" them to the small change in friends' pockets sent through the United Nations Children's Fund. MYF is making this new-style Halloween possible by joining with other groups across the country in the UNICEF Trick-or-Treat, sponsored by the U. S. Committee for UNICEF.

WOMEN OF THE MOOSE

Members of Warren Chapter 693 Women of the Moose, enjoyed a pleasant Halloween party in conjunction with their regular meeting, about 50 coming in costume. Judges, Ellen Carr, Kay Eagan and Emily Hertz, awarded prizes to Angeline Rankin for the prettiest costume; Mae Speaker, the funniest; and Marie Covell, the most original.

A business session was held following the party, the group planning a tureen supper Wednesday, November 7, at 6:00 p.m. for members and families. Supper will be 75 cents for adults, 50 cents for children.

Concluding the evening, a Halloween lunch was served.

WHITEFIELD CIRCLE

The George Whitefield Circle of First Methodist church will meet at 8:00 p.m. Thursday at the home of Mrs. Eugene Simons, 8 West Wayne street. Gifts are to be brought for the George A. Robinson Home, and members are reminded to bring needles and thread for the sewing project. Mrs. Gilbert Loree is in charge of transportation.

NOTICE

New store hours now at Ralph's Market. Open daily 9 a.m. to 9 p.m. Sundays 8 to 2.

GLADE UNION HOLDS MEETING

Glade WCTU held its October meeting at the home of Mrs. Ethel Summerville, 710 Madison avenue, with a large attendance. Jape Klenck had charge of devotions, opening with singing of "More Love To Thee", scripture and prayer. The devotional topic, "Stewardship", concluded with a poem and singing of "Take My Life and Let It Be".

The county vice president, Bessie Johnson, offered prayer and the business session followed. Following routine reports, Myrtle Kithner gave the sunshine report. Mrs. Johnson explained the Standard of Excellence and duties of local officers, and Delegate Lena Unangst summed up highlights of the recent convention at New Castle.

Closing with the WCTU Benediction, the program was followed by refreshments and a social hour.

GRACE CHURCH EVENTS

Monday—7:00, Girl, Boy and Explorer Scout meetings.

Wednesday—6:45, senior choir rehearsal; 7:45, prayer service.

Thursday—3:45, junior choir rehearsal; 7:45, Ruth Ransom Society will meet with Mrs. Florence Anderson, 27 Glenwood street.

Friday—2:00, Warren Council of United Church Women will observe World Community Day at Trinity Memorial church, when Mrs. Neil Gebhardt, Erie, will speak on "Our Rights As Human Beings", and all are asked to bring used clothing for Parcels for Peace; 7:30, WSCS Mission Study Class will meet in the Eaton room.

Evening services will begin next Sunday, when the first session of the School of Missions will be held.

LEAGUE HAYRIDE

Luther Leaguers of First Lutheran church are planning a hayride on Wednesday evening, November 7, and all those wishing to join in the fun are asked to be at the church at seven o'clock. The committee promises refreshments and recreation at the church after the ride.

Touches of Mink and Leopard

New Addition For Furs

BY GAILE DUGAS
NEA Women's Editor

NEW YORK—(NEA)—Newest and prettiest addition to the "make-believe fur" fashions this year is real fur trim. Collars of ranch mink or white mink, leopard or beaver lend a high-fashion touch to fur-type fabrics.

Designers use the fur-like fabrics for motor coats, evening capes, bloused jackets, clutch coats, chesterfields and dressy daytime coats. Colors are based on the basic and high-style fur shades. Newest of these is a darkened beige called bisque. White is usually reserved for evening and is sometimes dramatically combined with color. For instance, a hooded white coat is lined with brilliant red wool jersey.

We show (left) a coat of medium beige bisque cut on simple, classic lines with deep, turn-back cuffs. The detachable collar is leopard.

The make-believe fur is used (right) for a double-breasted great coat with wide reverses and bone buttons. Easy push-up sleeves and flap pockets make it a very wearable coat. Both designs are in fur-type Cloud No. 9.

Mrs. Lucille Johnson, Mrs. Odessa Ciomani and Mrs. Nellie Hoffman There will be the usual devotions followed by a business session and the social time, and all members and friends are cordially invited.

WELCOMING PARTY

Twenty relatives gathered at the home of Mrs. John Casses Saturday evening to welcome her sister, Mrs. Nell Spear of Mayville, the former Nell Traub. Mr. Traub is a retired railroad man, having

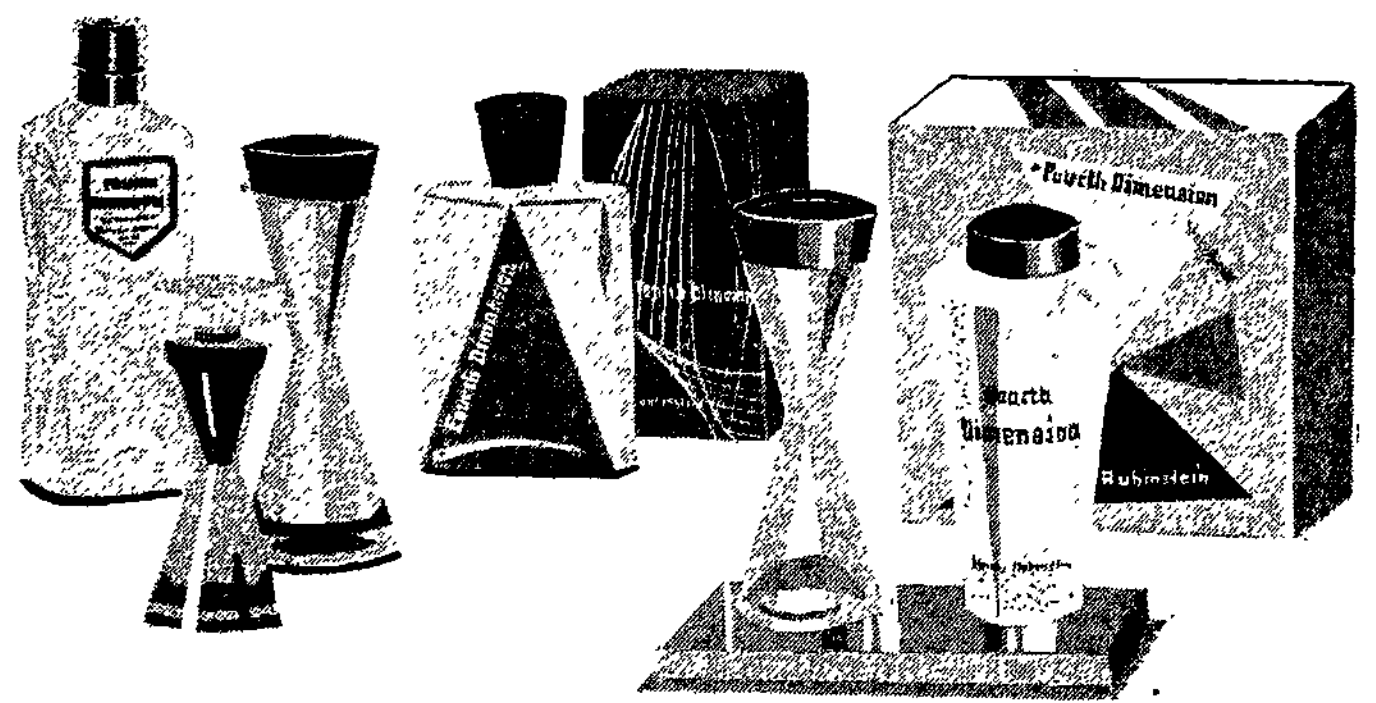

served at Mayville, N. Y., for 48 years and now returned to Warren to live at 337 Hickory street. A pleasant time, spent in reminiscing over family events, was followed by the serving of refreshments.

LAST WEEK'S FAMOUS "MYSTERY FRAGRANCE" AT THE WARREN DRUG STORE

Helena Rubinstein's Fourth Dimension

There's no mystery why so many Warren women liked this delightfully fresh fragrance the WARREN DRUG STORE air-sprayed last week. Truly one of the world's greatest fragrances. "FOURTH DIMENSION" takes you out in space with its pulse-tingling, intriguing scent. And it's strikingly different shaped bottle and carton makes it a gift of true elegance.

The following three lucky women guessed the correct name and will receive a large 3.75 bottle of "FOURTH DIMENSION" cologne:

MRS. RUTH CHAMPION, 102 Sixth Street
MISS JENNIE DENARDI, 306 Morrison Street
MISS LILYAN GROSCH, 128 Russell Street

And the WARREN DRUG STORE is very happy to give the one hundred and fifty-three other women who didn't quite guess right a gift premium of "FOURTH DIMENSION" which they will receive thru the mail in a day or two.

SOCIETY

World Fellowship Day Is Planned By YW Committee

The religious and world fellowship committee of the YWCA has completed plans for its annual observance of World Fellowship Day, November 11, with a program to be presented at 3:00 p. m. in the activities building.

As previously announced, Miss Rena Carlson will show "Pictures of Bible Lands", which she took on a Mediterranean cruise while on sabbatical leave from Clarion State Teachers' College, where she is librarian.

Mrs. Everett Borg, a member of the committee, will furnish the musical portion of the program.

An offering will be taken for the National World Fellowship Committee, to be distributed around the world where there are 65 countries having YWCAs.

Committee members present at the planning meeting for the observance were the co-chairmen, Mrs. Howard Van Orsdale and Mrs. Paul Jackson, with Mrs. Carlton Gay, Mrs. E. Ross Carlson, Mrs. Howard Putnam, Mrs. Ralph Van Ord, Mrs. John E. McLaughlin, Jr., and Miss Florence Hill, with Miss MayBelle Bairstow, executive secretary of the YWCA.

VOTE REPUBLICAN

Four years ago millions of Republicans and Democrats gave Ike a tremendous job to do. He did it—magnificently! In less than 4 years in office, he has lifted America to a new level of prosperity undreamed of in 1952, made possible standards of living higher than any the world has ever seen, reduced taxes by more than 7 billions, balanced the national budget, given us our first stable dollar in over 20 years—AND HE DID IT ALL WITHOUT RESORT TO WAR in a period when war could have come any instant. Now, do YOU want to risk your country's peace, prosperity and progress by letting Ike down when he still has far to go? It's up to YOU—personally! Give him — and all these members of his "team—your vote of confidence next Tuesday, so he can carry on for the benefit of ALL Americans. Ike needs EVERY Warren County vote! Ike needs YOURS!

Warren Native Is Named to Head Hercules Motors

Walter L. Brough of 300 Raff Road, Canton, Ohio, has been elected executive vice president of Hercules Motor Corporation, according to work received in Warren by his uncle, A. M. Peterson, 609 Pennsylvania Avenue, East.

Mr. Brough was born in Warren on July 3, 1914, the son of Mr. and Mrs. Walter Brough. The parents now live in Wesleyville.

Mr. Brough has been associated with the company the last two years as assistant to the president.

Upon graduation from Fenn College in Cleveland with a degree of bachelor of science in Mechanical engineering, Mr. Brough became associated with Timken Roller Bearing Co. He served in various capacities in engineering and plant operation from 1937 to 1953 and was affiliated with the Republic Steel Corp. from 1953 to 1954.

During his service with Timken he served with the United States Navy as an ordnance engineering officer from 1943 through 1946 and again from 1951 to 1953. Mr. Brough is a registered professional industrial engineer and a member of American Society of Mechanical Engineers. He is a graduate of the advanced management program of the graduate school business administration of Harvard University.

THIS WAS IT

Just to avoid any misunderstanding, when the Times-Mirror stated last week that a young lad bit on the visor of his cap for anesthetic when he was being treated at Warren General Hospital it did not mean that pain relief was lacking. Father of the spunky youngster told the Times-Mirror that the boy would rather endure the pain of treatment than have a shot of novocaine. Rapid and efficient treatment at the hospital brought ending to what could have been quite unfortunate to a lad who had lost a lot of blood from a gaping splinter wound.

SWEPT-WING '57 Dodge

How do you describe a car so daring in concept, so revolutionary in features and advances, so rewarding in beauty and performance? How do you explain its newness when everything about it is new? On display today is just such a car—the Swept-Wing '57 Dodge that steps you into the wonderful world of Autodynamics. What is this wonderful world of Autodynamics? It is a world where everything is new from road to roof to achieve absolute mastery of motion.

Here's what it does in the Swept-Wing Dodge:

- It unleashes a hurricane of power from a thundering new aircraft-type Super Red Ram V-8 engine that's a spitfire in action!
- It tames a tornado of torque with a new TorqueFlite Push-Button Drive for the greatest get-away on the road!

- It breaks through the vibration barrier with a revolutionary new rubber-mounted suspension system—Dodge Torsion-Aire—that features raco car torsion-bars. You ride in a "Realm of Silence," isolated from vibration, noise and road shock.
- It is swept-wing mastery of motion in a sleek, low-slung beauty barely 4½ feet high that has no equal in the way it corners, handles and rides.

You have never seen, felt or owned any car that compared with this new Swept-Wing Dodge. See and drive it today... now at your Dodge dealer's!

Dragons Get By Kane 27-22 for Fifth Win of Season

Swanson Hero, Powley Goat Of Game at Hilltop Saturday

Warren Dragons, led by fullback Dave Swanson, held off a last-minute scoring streak in the final quarter to lead 27-22 at the final gun in Kane Saturday afternoon. It was the fifth win for Coach Fred Bell this year against three defeats.

Most spectacular play of the game came at the start of the second quarter just after the teams had switched goals. Left end John Powley leaped high in the air to intercept a Kane pass. He had to twist to get it, was spinning from a block, and by the time he landed he was running—in the wrong direction.

Forty-five yards later Kane had a safety and two points. One of the Wolves kept the play sporting by giving chase to Powley who steamed over the wrong goal line at full gallop.

If Powley was unfortunate enough to become the game's goat, fullback Swanson was the hero. After Kane went into an early 7-0 lead in the first quarter, Swanson's

bulled through the center of the line for 61 yards and a TD. Berdine tied it up at 7-all by splitting the uprights.

On the next exchange, Warren grabbed possession of the ball on the Wolves' 26-yard line. From there, after two incomplete passes, Swanson gave Warren its first and final lead as he knifed through center to the ten yard line and then carried the mail over the goal line. Warren was leading 14-9 at the half.

In the third period Lou Mascaro dropped a pass into Griffin's arms for another TD from the 24-yard line. Warren had received the ball on its own 47 and the scoring play was set up as Hartnett plowed for 7 yards. Swanson bucked for 3, Hartnett ground out ten more for a first down. Mascaro made 1, then 8 yards and another 6-yard furlow by Hartnett put the ball in scoring position. That made the score 21-9.

Then it was Swanson again who roared into touchdown territory after covering a quarter of the field. Warren capitalized on a Kane fumble which was recovered by Rasmussen on the Wolves' 29. Mascaro ran it to the 25. Conversion kick went wide and Warren led 27-9.

Going into the fourth quarter, with numerous Warren substitutions, Kane, which has yet to win one all season and dropped its No. 8 to Warren, punched over two quick touchdowns. The first one, plus extra point, left the score 27-16 and the second, sans extra point, brought the score to 27-22 as the game ended.

Next week Warren will play at

Sheffield Ends Season With a Record of 4-4

Sheffield Wolverines couldn't get started until the fourth quarter Saturday and by that time it was too late to overtake Port Allegeny which won the game, 35-21.

The contest, last of the season for Sheffield, gave Coach Ralph Santo a 4-4 record for the season.

Port Allegeny's right halfback Gary Tronetti treated the Sheffield line as if he owned it, waltzed through it for 78 yards and a TD first time he got his hands on the ball. Kelly kicked the point and one punt later Tronetti went over again, this time from the 19. PA led 14-0 by end of the first quarter.

Sheffield scored in the second quarter when fullback John Exley bulled over from the 2-yard line to cap a 60 yard scoring push. Steve Rossetti quarterback sneaked for the point. Port Allegeny scored once more in the second period as Kelly went over from the five to give his team a 21-7 halftime margin.

Tronetti went wild again in the third quarter as he reeled off two large gains to set himself up on the ten-yard line for another dash to pay dirt.

Smarting from a 28-7 score, Sheffield took the fourth quarter punt and moved rapidly to the goal line with Bill Johnson providing the final distance. McNeal ran 50 yards to set up the TD play.

Port Allegeny got one more with Kelly scoring and kicking the point. Then the Wolverine's McNeal broke loose and romped 45 TD-bearing yards Rossetti passed to Bob Miley for the final point as the game ended, PA 35, Sheffield 21.

Sheffield starting lineup was: Bob Miley, lb; Tom Dunn, lt; Charles Schuler, lg; Bill Hayes, c; Joe Goldthwaite, rg; Jerry Slater, rt; George Andrews, re; Steve Rossetti, qb; Bill Johnson, rh; Tom McNeal, lb; John Axley, fb.

Substitutions were Jim Rudolph, Jim Olson, Jim Rogers, Denny Boardman, Phil Alling, John Slee-

Youngsville Smothers Team From Saegertown by 40 to 20

Youngsville Eagles punched across three touchdowns in the first period Friday night as they went to Saegertown and lowered a 40 to 20 boom.

Joe Inter went over from the two-yard line on the second play of the game and Bill Moniak ran for the point to give the Eagles an early 7-0 lead.

Then Moniak took the scoring into his own hands as he scored twice more in the first stanza, number one starting one yard out, the second from ten yards away. He also made both points and Youngsville led 21-0 by the end of quarter one.

Fred McChesney entered the scoring ranks in the second quarter as he scooted into TD-land from two yards out and Moniak, extraed Cannon pulled the high gear lever for Saegertown then and went 30 yards to bring the total to 27-0.

Coach Joe Freilink's boys set out

strong again in the third as McChesney scored another time from two yards out and Moniak added the point. Saegertown retaliated with a 5-yard dash by Stiner and scored again early in the fourth quarter as Jobe plunged over.

Jack Brenneman scored the final TD of the game when he went over from the five yards away. Final score: Youngsville 40, Saegertown 20.

Youngsville has only one more contest remaining this year. Next Friday night they travel to Southwestern Central at Lakewood for a tough game. Eagles now have a record of three wins, four defeats.

Youngsville starting lineup: Chuck Halfast, lb; Marshall Baker, lt; Bill Darling, lg; Jan Agnew, c; Bob Wimer, rg; Melvin Freeborough, rt; John McCanna, re; Don Dinniny, qb; Joe Inter, fb; Fred McChesney, rh; Bill Moniak, lh.

Northern Area Wins Seventh In Row; Takes Ripley 34 to 6

The galloping Knights from Northern Area romped to their seventh straight win Saturday at Ripley as the Eagles were trounced 34 to 6.

Coach Norge Luvison cleared every Knight from the bench in an effort to hold down the score. The win keeps Northern Area tied for the Northwest Conference lead with Cassadaga. Those two teams will play at Cassadaga next Friday to decide the championship. The Knights are defending co-champs.

In the Saturday contest at Ripley, the Knights set the tone of the afternoon in the first play when Merle Whitman grabbed a Jim Darts' aerial and went over for the first TD from 62 yards away. Bob McCoy plunged to make the score 7-0 after a minute of play.

BASKETBALL SEASON OPENS THURSDAY

As football season wanes into its final days, the cyclical nature of sports brings basketball peeling over the horizon. Coach Joe Massa reports that first practices will start on Thursday November 1st, first legal day to begin training.

STILL UNCONSCIOUS

Pittsburgh (P)—Richard Kadis, 21-year-old Geneva College lineman who collapsed one month ago today after being injured in a football game with Waynesburg College remained unconscious early today at St. Francis Hospital. The youth, a resident of Cleveland, Ohio, underwent emergency brain surgery here a few hours after he collapsed at Waynesburg. He has not regained consciousness since his collapse. A former star high school football player at Youngstown, Ohio, Kadis helped recover a fumble which led to Geneva's 12-6 victory over Waynesburg.

Titusville Squeaks Out Close One From Knights

Titusville Herald: Smashing across with first and third-period touchdowns, Titusville High's Rockets last night staged off a fourth-quarter rally by Franklin High's Knights to cop a 14-13 win and wrap up second place in Section 2.

The victory enabled the Movermen to close the season with a 5-3 record, compared with the Knights' record of one and seven with one game to go.

Going into the game a two-touchdown favorite, Titusville found Franklin up for this one and it was as close as close can be. Franklin missed a scoring opportunity in the second period when time ran out with FHS on the Rocket two. Later, in the third quarter, THS got fouled up with a second down and six inches to go for a score when a pitchout backfired and Franklin recovered.

Heavyweights Are Scheduled To Mix Tonight in Gotham

By JACK HAND

The Associated Press
Plans for a light heavyweight elimination tournament to provide a successor for Archie Moore—if and when—have been set back by an injury to Willie Hoepner, German import. Hoepner was to have fought Chuck Spieser of Detroit Wednesday in a 12-round bout at Chicago.

The International Boxing Club had to scramble its schedule to fill the date, moving up the Joe Miceli-Carlo Sarlo match from Nov. 7. The Miceli-Sarlo fight will be beamed on ABC-TV.

Charlie Norkus and Joe Rowan, a pair of heavyweights with records to show they either knock out their man or get knocked out, top the Monday card at St. Nicholas Arena in New York. DuMont-TV.

Norkus, 28, has been in with the best during his 40-bout career. His record is 26-14 with 16 knockouts. Rowan, 22, of Phoenixville, Pa., has a 25-9-1 record for 38 starts with 13 knockouts. Each has been stopped four times.

Henry Toothpick Brown, the Philadelphia lightweight with two straight first round knockouts to his credit, takes on experienced Paolo Rossi of Italy and New York's Bronx in the Friday bout from Washington. Madison Square Garden will be occupied by the horse show, hence the shift. The match will be carried on NBC-TV.

Enjoyable Party Is Staged For Vets At The State Hospital

The Cooties of Hay Rake Pup Tent No. 40 and Cootiette Hay Seeds 302, of Warren, entertained veterans at Warren State Hospital for a special Saturday night party.

Bradford Cooties furnished the entertainment, with Kenneth Lucas as emcee introducing Gloria Lucas, Millie Woodley and Sabra Black in several vocal selections for which Judie LeRoy played piano accompaniment; also several cornet solos by Shirley McKenyon; and a hill billy novelty act staged by Mrs. Raymond Woodley.

The veterans were also treated to ice cream, cake, cigarettes, candy, snuff, and gifts of playing cards and magazines.

In attendance were the State Hospital chairman, Samuel Ross, and William Culler of Oil City; Cootiettes, Cooties, and members of the Dads of Foreign Service Veterans posts of Bradford and Warren.

The program was in charge of L. E. McCann, Axel Nasman and Elizabeth English. A general vote of thanks is extended to the entertainers and all others who helped make the event a success.

Next visitation is scheduled for November 24.

Mr. Hayward was born at Russell on June 20, 1885, and had lived in that community until two years ago. He was self-employed as an interior decorator.

Surviving are a daughter, Mrs. Jerome C. Kent, of Hamburg, and one granddaughter, Cindy Kent.

Funeral services will be held at 1:00 p. m. Tuesday in Russell Methodist church, where the body will lie in state for one hour prior to the rites. The Rev. Clifford C. Headland will officiate and interment will follow in Pine Grove cemetery, Russell.

MAUDE E. EGGLESTON
Mrs. Maude Emma Eggleston, 787 South Kendall avenue, Bradford, died in Fairview Hospital in that city at 5:30 a. m. Sunday, aged 74 years.

The widow of the Rev. Roland Eggleston, a former minister of Bethel Evangelical United Brethren church here, Mrs. Eggleston was born at Lincolnville, near Titusville, the daughter of Mr. and Mrs. Andy Whitman. She moved from Warren to Bradford three years ago and had since made her home with her daughter, Mrs. James Campbell. She was a member of the Sawyer City EUB church, its Missionary Society and Ladies' Aid.

Besides her daughter, she leaves a son, Jack, in Los Angeles, Calif.; one grandson, Jere Campbell, Bradford; one niece and two nephews, Mrs. Glenda Wynn, Spring Creek; Vance and Andy Allen, Corry.

Funeral services will be held at 1:00 p. m. Wednesday at the Sawyer City EUB church, the Rev. Robert Smith official grand interment following in Excelsior cemetery.

RALPH N. BROWN
Ralph N. Brown, 417 Water St., who served a term as sheriff of Warren county back in 1904, and later was for many years officer for the Warren Board of Health, died this afternoon following an illness of many years. Besides his wife he is survived by two sons Ira and Paul. Plans for the services and funeral obituary will be printed later. He was 89 years of age.

than that." He added that if attempts to haul the truck to safety had been unsuccessful the men would not have had time to flee a safe distance.

Last time a nitro truck blew up in this vicinity on the road to Bradford, every tree for hundreds of feet around was ripped out; matchstick size. The driver was blown to pieces.

his condition is reported "satisfactory" today. Lapsing into unconsciousness about an hour after the accident, Mr. Stokes later came out of the coma at the hospital.

It was the second tragic accident to befall Mr. Stokes. In 1942 he was accidentally shot in the hip while hunting and had a main nerve severed which left him with a limp.

Akeley Resident Is Named President of Farmer Association

Axel Carlstrom, of Akeley, was elected president of Pennsylvania Farmers Association as a group of area farmers organized a Warren County group during a session in Youngsville Grange Hall.

Others elected were Henry Bergstrom of Sugar Grove, vice president; Ralph Way of Russell, secretary-treasurer. Representatives on the board of directors are Virgil Williams, Arvid Gruber and Axel Carlstrom, all of Akeley, Howard VanTassel and Leslie Dodd of Corry, and Way and Bergstrom.

This new organization makes Warren the 30th county in Pennsylvania to affiliate with the State Association and the American Farm Bureau Federation.

Dodd was also elected to serve with the president as a delegate to the annual state convocation in Harrisburg Nov. 19-20. Chase Johnson of Warren was elected alternate. At the state meeting, it will be the responsibility of the delegates to debate the pros and cons of proposals sent in from various counties.

Resolutions adopted will constitute the State policy of the Farmer's Association relative to legislative matters.

Ernest Vennman of Girard, Pa., Regional Director, was present to explain the history, philosophy and, in detail, the organization's accomplishments.

Ike Has High Praise for Congressman

The above picture of President Eisenhower is a crayon drawing by Herr Segl, a German artist at Wiesbaden, Hesse, Germany, and Congressman Gavin, shown pointing to the portrait, presented a copy of it to the president. He considers it the finest likeness of Ike he has ever seen. In regard to the presidential race, Gavin said, "President Eisenhower will be overwhelmingly elected," adding that he expects Pennsylvania to give Ike a 250,000 majority. President Eisenhower's letter to Gavin follows: "Dear Leon: Only the heavy pressure of events since adjournment of Congress has prevented my telling you of my appreciation of your loyal support of key programs to advance the public good. I have been especially aware of your efforts in behalf of measures essential to the maintenance of a strong national defense. At the polls this fall, I am confident that your constituents will reflect the same view that I hold—that your conscientious and able service for them and for the nation should be continued in Congress. With warm regards, Sincerely, Dwight D. Eisenhower."

that this public pressure, plus the reported demands of the Hungarian government, might produce results.

The council recessed its discussions temporarily after 5 1/2 hours of debate in an extraordinary Sunday session. Private talks were in progress to determine what the next step would be.

By LYNN HEINZERLING
Vienna (AP)—Sporadic fighting again raked Budapest early today despite Premier Imre Nagy's promise to pull Russian troops out of the bloodstained city and to meet other demands of rebellious Hungarians.

Budapest radio reported shortly after 10 a. m. that there had been shooting in the capital during the night and that "there still are elements who want to disturb the peace."

The broadcast added that "armed workers' units" searching houses for arms "were met with gunfire."

The rebels claimed complete control over a strip of western Hungary 100 miles long and 50 miles wide, only 19 miles west of Budapest at its northern limit. Rebel banners were reported flying all over.

The Budapest radio announced Soviet troops had begun pulling out of the battle-scarred capital as Nagy promised. But Russian tanks and big guns still were reported camped in the heart of the city.

The government radio announced that a committee from rebel headquarters in Gyoe had arrived in Budapest, presumably to discuss the situation with government representatives.

With Budapest ravaged over nearly a week of bloody fighting, thousands were reported dead or wounded all over the country.

of great importance because of its position on the St. Lawrence Seaway.

Mr. Lawler told the Roosevelt Highway Association that the state would spend \$20,000,000 to repair Route 6 which would include a new bridge over the Allegheny River in Warren and elimination of one of the over-head crossings west of Warren. The local delegation was unable to get any details about this project from the highway officials in Wellsboro who said nothing was definitely decided.

The final decision on whether Route 6 remains on the Interstate System will be made in Washington by the U. S. Bureau of Roads. The Save Route 6 Committee has already visited the federal officials and presented its arguments.

FEW EMERGENCIES

Warren General Hospital emergency ward reported a fairly quiet weekend, when the following persons received treatment: Friday—Patty Robertson, 210 Wood street, sustained body bruises in a car accident. Chester Robertson received body bruises in the same accident. Saturday—Michael Goltz, RD 3, Sugar Grove, sustained a laceration and fracture of the right third finger. Thomas Gelotte, 33 Center street, Clarendon, received a laceration of the forehead. Sunday—John Berdine, 1011 Conewag avenue, fractured his right third finger.

SHEFFIELD

Sheffield—The Home Builders Class of First Methodist church will meet at the home of Eva Brown Tuesday evening in the form of a masquerade party. Mrs. Sanford Scorr will present the devotionals; Mrs. Earl McCaskey will have the program; Mrs. Claude Landers, Mrs. A. S. Brown and Mrs. Fred Carlson will be the refreshments committee.

U. S. Citizens

(From Page One)

In the Israeli side of Jerusalem regular traffic and business were slowed by a heavy movement of troops, guns, tanks and reservists.

From 7,000 to 8,000 Americans in Egypt, Israel, Jordan and Syria were affected by State Department warnings and orders to leave for points of safety. Tourists, business people and others in the four countries not performing "essential functions" were urged to leave. Officials of U. S. government departments will be evacuated "as soon as possible" by commercial planes, they were told.

FRANCE SENDS PROTEST TO SYRIA AND JORDAN

Paris (AP)—Amid reports of continued Syrian unrest, France protested to Syria and Jordan today against Arab mob destruction of French property in three cities. The Arabs were showing their support for the Algerian independence movement. A dispatch from Damascus said security forces in Aleppo, the commercial center of North Syria, were reported to have fired today on "destructive elements" who attempted to resume anti-French sabotage.

Dependents in Jordan were told the first flight to take them to Beirut, Lebanon, was leaving at 2 p. m. today.

The air of crisis was heightened by the announcement of Israeli military authorities today that three suicide bands of Arab commandos had crossed into Israel from the Egyptian-held Gaza Strip last night and two of the groups were captured. Increased activity of these bands was one reason given for the Israeli mobilization.

The Israeli cabinet met in an emergency session for 2 1/2 hours today. British and American ambassadors had separate meetings with Premier Ben-Gurion and Foreign Minister Golda Meir.

Jordan's tough little army, formerly called the Arab Legion, was reported deployed on the west bank of the Jordan ready to take the brunt of any Israeli attack. Jordan has defense alliances with Britain, as well as separate treaties with Iraq and with Syria and Egypt.

The Israeli government, announcing the callup of the reserves, said it was "to block any possible enemy attack and afford sufficient breathing space in case of attack."

Israel denied any intention of aggression.

President Eisenhower sent two messages to Premier David Ben-Gurion cautioning Israel to avoid any act "which would endanger the peace."

There are between 7,000 and 8,000 American officials, businessmen, tourists and others in the four countries. The State Department described the warning as a precaution until conditions improve. It said no "full-scale evacuation" was contemplated.

Work on New Water Tank Begins Today

Keystone Construction Company of Meadville has been awarded the \$11,700 contract to lay foundations for the 1,000,000-gallon water storage tank planned by Warren Water Company for erection on Tanner Hill north of Sixth Street. Work began this morning.

The project, expected to cost approximately \$90,000, has a tentative year-end completion date. Hammond Iron Company is fabricating the steel tank.

YOUNGVILLE

Youngsville—It is learned from The Eagles' Nest, local high school news bulletin, that Youngsville Chapter 985, Future Business Leaders of America, will be host to a regional gathering this evening.

Purpose of the session is the organization of Region One, comprised of the 10 schools in the northwestern part of the state. Committees from each school will decide policies, rules and regulations for the organization.

In charge locally will be Bonnie Wolfe and Roberta Buerkle.

The annual Halloween parties for the junior and senior high schools will be managed by the faculty. There will be games, prizes and refreshments for the junior high; and a masked dance for senior high, with Pete Pepke's band providing the music and prizes awarded for costumes. Buses will be provided so that all students may attend.

HIGHWAY FATALITY

Pittsburgh (AP)—An Auto crashed into a utility pole in East McKeesport yesterday, killing a woman and injuring two adults and two children. Killed was Miss Gertrude Schenck, 57, of nearby Wilmerding. Police said the auto was operated by Miss Schenck's nephew, John R. Mehaffey of Versailles. He escaped injury but his wife, Thelma, 26, his mother, and two sons, Thomas 5 and Teiry, 4, were hurt.

PICTURES FOR LIONS

Fred Plummer and Freeman Peterson will provide the program for Tuesday's luncheon-meeting of Lions Club, 12:15 p. m. at the YWCA activities building, presenting colored slides and commentary for an armchair trip to the Hawaiian Islands. Mr. Peterson will also show several views he took earlier in the fall on a trip to Montana's Glacier National Park.

100F DEGREE SESSION

Warren Lodge 339, IOOF, will meet in regular session at 7:30 p. m. Tuesday to confer the Initiatory Degree on a class of candidates and any lodge in the section having candidates is asked to have them in attendance for this event.

Boro Schools Division Meets Chest Drive Quota

Warren borough schools division of the Community Chest Campaign reported this morning it has met its quota of \$1,325.00 by pledging a total of \$1,378.00. The report was made by the co-chairman in the school division Dr. Carl Whipple and Joseph Passaro who announced wonderful cooperation from all school teachers and employees in local schools. The school division thus became the second drive to meet its quota in the 1956 drive; the Industrial Division met its quota last week.

Despite the fine showing at the schools, the drive is still short of its goal of \$66,500 by 4%. Contributions so far amount to \$63,940.00 which is about 96% of the amount needed.

Another plea was made today by Chest President Marion E. Pettegrew for all workers in every division to bring in their totals to the Chest office. Only then can officials determine if the goal will be met on behalf of the ten member service and welfare agencies.

AP Writer Finally Swears Off On Celebrating of Hallowe'en

By Ron Autry
Verona, N. J. (P) — They can take Halloween and give it back to the Druids, who started it, as far as I'm concerned.
Some of the other middle-aged kids I know look forward to it with glee. But not this disillusioned boy. I have tricked and treated my last time.
The family has agreed to include father out of any Halloween plans.
Last time I bobbed for apples, I had a cold for a month.
Last time I went to a Halloween masquerade, I said the wrong thing to a gal I thought was somebody else. Moreover, I couldn't recognize anybody — but everybody recognized me, a shattering experience.
Now, at long last, I have jumped the last Halloween hurdle. Finally, my two youngsters are old

enough to shift for themselves.
No more cut hands from carving jack-o-lanterns. No more pumpkin seeds clinging to my elbows. No more burnt fingers from flickering candles.
No more long hours skulking in the cold, dark streets keeping an eye on the kids tricking and treating. No more suspicious glances from passing policemen. No more getting the daylight scared out of me by masked youthful frights popping from behind trees and mailboxes.
Oh, I know. Think positively. Take this weakness in my character and make it a strength. Put more into it, get more out of it. That's what some fathers do.
They're the boys who have the kids in for soda pop, blindfold them and have them feel wet grapes, telling them they are the eyes of a dead man.
They're the playboys who, when a kid rings the door bell, leap out the door clad in a sheet, banging cymbals and waving what they fondly think is a banshee's cry.
No, sir, Halloween is not for me. This year the night of Oct. 31 will find me down in the cellar with the family dog. I'll be the one with the cowed look.

ODDITY
Sulphur is an important ingredient that helps give the skunk's secretions its evil odor. The skunk's musk, in turn, provides a component for making perfume.

District Lamb Pool Is Scheduled for Saturday

The Northwest Pennsylvania Sheep and Wool Growers Association has scheduled a fifth district lamb pool for Saturday, November 3, reports Charles Stanislaw, assistant county agent. It will be held from 9:00 a. m. to 12:00 noon at the Meadville Livestock Auction which is located 10 miles north of Meadville on Route 96.
The Association must know how many lambs are to be consigned so that sufficient trucking space can be arranged. They must have this information by Thursday, November 1. Therefore, will all Warren County farmers who plan to take lambs to the pool please notify the County Agent's office in the Court-house Annex, Warren, by card or telephone how many lambs you will be bringing to the pool. The Extension Office will then notify the Northwest Sheep and Wool Growers Association.

c/o The Editor

Dear Editor:
I am a student in Warren High School and can see the need for a new high school, not a remodeled antique. If some of the citizens of Warren could go through the high school and see where the globes of some of the lights have fallen on desks, see how the windows rattle and almost fall out when the wind blows, and see the oil soaked floors which would burn like dry straw if there was ever a fire, I think they would also see the need for a new school. When students come to Warren from other towns they just laugh at the old structure which represents our high school. There are more students coming to Warren High School every year and a town the size of Warren should be able to have a school at least as good as the new schools which have been built by the outlying communities. These communities saw the need for a new larger school and so instead of just talking about it they did something about it. Warren needs a new school so why don't they do something about it. They have talked long enough.

County Extension Homemakers Group Plans Yule Meeting

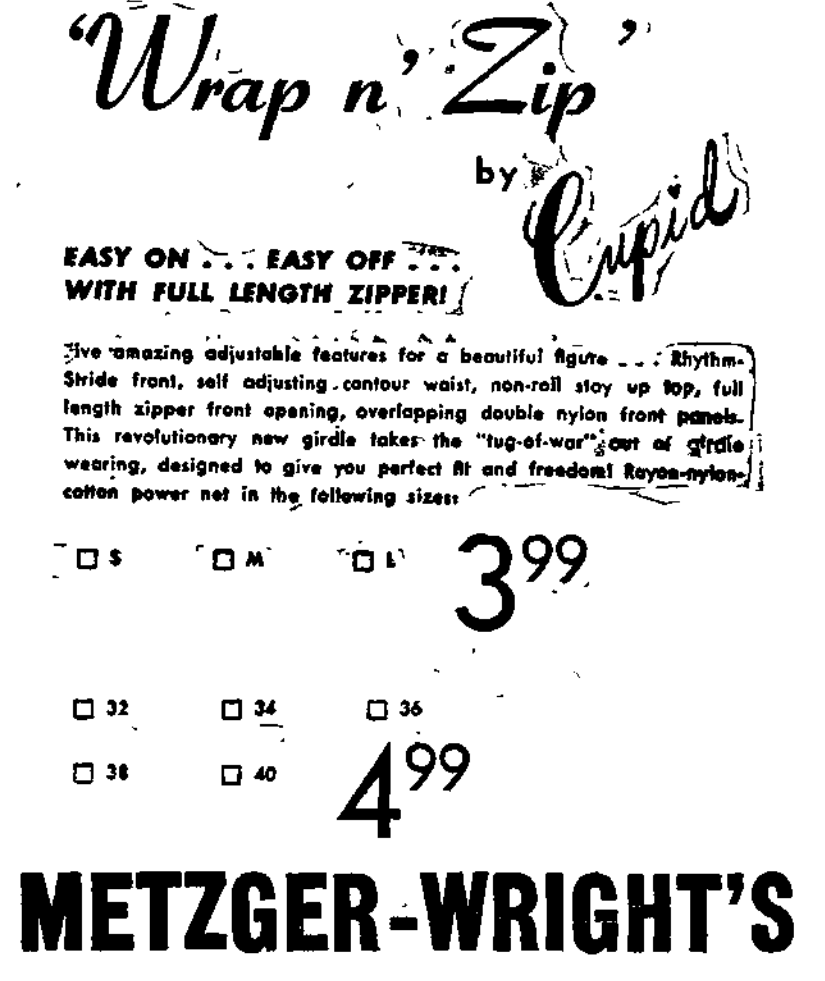

The chairmen of the County Extension Homemakers Group met last week at the Warren Grange Hall. The extension home economists announced the schedule of leader training meetings. The first one is to be held on November 8 at the Penelec Demonstration Center on "Good Taste and Thrift in Meat". Miss Marjorie Wormeck, Extension Nutrition Specialist from Penn State University, will conduct this training session.
Mrs. Winifred Neiman conducted the planning session for the Countywide Christmas meeting. This year it is set for Wednesday, November 14, at the Lander Community building. Mrs. Evelyn White, of Starbrick, was selected to preside at the Christmas meeting. The program this year will include a demonstration on enameling copper jewelry by a representative of Guildcraft of Buffalo, one on making gifts of craft-strips, and one on cake decorating. The exhibits will include those on leather carving, cooper tooling, gift wrapping, doll displays, Swedish weaving, festive table settings, inexpensive gifts, candles and in-
